🎯 CAREER OBJECTIVE

Seeking opportunities as a Python Developer and DevOps Engineer to apply my skills in building scalable backend applications and automating infrastructure. Passionate about developing secure, efficient, and maintainable systems while continuously learning and contributing to organizational growth.

🎓 EDUCATION

Course	Institution	Year	Score
B.Tech – Artificial Intelligence and Data Science	K.S. Rangasamy College of Technology, Anna University	2020 - 2024	CGPA: 8.91
HSC	Sri Vidya Mandir Matric Hr Sec School	2020	73.5%
SSLC	Sri Vidya Mandir Matric Hr Sec School	2018	89.8%

💻 TECHNICAL SKILLS

Programming :	Python
Databases :	MySQL, PostgreSQL
Frameworks :	Django, Flask, FastAPI, Bootstrap 5
DevOps :	Linux, AWS, Git, GitHub, Docker
Areas of Interest :	Full Stack Development, Python Development, DevOps

📁 PROJECTS

Vendor Management System

- Developed a role-based web application to manage vendor records, products, and transactions.
- Streamlined transaction tracking with secure authentication.
- Tech Stack:** HTML, CSS, Django, Bootstrap, MySQL

Secure Chat Application (End-to-End Encrypted)

- Developed a real-time secure messaging app ensuring message privacy.
- Designed FastAPI backend to generate and verify OTP securely.
- Implemented reactions, read receipts, and file sharing.
- Tech Stack:** FastAPI, Python, React, JavaScript

Beyond Words – Sign Language Translator

- Built a real-time sign language recognition system using computer vision.
- Improved communication for hearing-impaired users.
- Tech Stack:** Python, OpenCV, Machine Learning

Snap Notes – Web-Based Notes Application

- Created a secure notes app with PDF export functionality.
- Ensured easy data backup and sharing.
- Tech Stack:** PHP, MySQL, HTML, CSS, JavaScript

INTERNSHIP

Network Engineer Trainee

Jan 2024 – Jul 2024

- Configured and maintained routers, switches, and LAN infrastructure.
- Performed OS installation, system setup, and hardware troubleshooting.
- Resolved network and software issues.
- Supported Outlook configuration and managed IT assets.

Salesforce Virtual Internship

Nov 2023 – Jan 2024

- Completed an 8-week virtual internship program.
- Completed Salesforce Trailhead modules and gained hands-on CRM knowledge.
- Learned Salesforce administration and cloud-based business solutions.

PUBLICATION

Beyond Words - A Sign Language Translator

IEEE • Jul 25, 2024

Sign language is a vital mode of communication for millions of individuals worldwide, including those who are deaf, hard of hearing, or on the autism spectrum.

In our recent research, we leveraged cutting-edge computer vision and deep learning technologies to bridge this gap using MediaPipe and OpenCV.

This project represents a step forward in making communication more inclusive and accessible for everyone.

CERTIFICATIONS

- Introduction to Cybersecurity – CISCO
 - Java Programming – Great Learning
 - Python Full Stack Development – JSpiders
 - Aws Devops - Jspiders
-

PERSONAL DETAILS

Date of Birth :	01/08/2002
Blood Group :	O+
Nationality :	Indian
Languages Known :	English, Tamil

DECLARATION

I hereby declare that the above-mentioned information is true and correct to the best of my knowledge and belief.
